N92	STSS35	M	Mitigation of interest rates and currency risks explanation	The Mortgage Loan Criteria require that all Mortgage Loans bear a floating rate of interest or fixed rate of interest, subject to a reset from time to time. The Interest Rate payable by the Issuer with respect to the Class A Notes is calculated as a margin over Euribor, which margin will for the Class A Notes increase after the First Optional Redemption Date. The Interest Rate on the Class A Notes shall at any time be at least zero per cent. The Issuer will hedge the interest rate exposure in full by entering into the Swap Agreement with the Swap Counterparty and the Security Trustee and the Conditional Deed of Novation with the Security Trustee, the Swap Counterparty and the Back-Up Swap Counterparty in order to appropriately mitigate such interest rate exposure. The Swap Agreement provides that, in the event that any payment made by the Issuer to the Swap Counterparty is less than the amount which the Issuer would be required to pay to the Swap Counterparty, the corresponding payment obligation of the Swap Counterparty to the Issuer shall be reduced by an amount equal to such shortfall. If, inter alia, (i) the Swap Counterparty fails to make, when due, any payment to the Issuer under the Swap Agreement or (ii) the Swap Counterparty is declared bankrupt (failliet), the Issuer shall promptly give notice thereof to the Back-Up Swap Counterparty in accordance with the Conditional Deed of Novation. Following such notice, the Swap Agreement shall be novated to the Back-Up Swap Counterparty in accordance with the Conditional Deed of Novation. Upon such novation (i) reference to the Swap Counterparty in respect of the Swap Agreement shall be deemed to be a reference to the Back-Up Swap Counterparty, (ii) the Swap Counterparty shall be released from its obligations under the Swap Agreement towards the Issuer, (iii) the Back-Up Swap Counterparty shall have assumed all obligations of the Swap Counterparty towards the Issuer under the Swap Agreement and (iv) the Back-Up Swap Counterparty shall have acquired all rights of the Swap Counterparty as against the Issuer under the Swap Agreement. N122	STSS48	C	Pre-determined threshold value explanation	Pursuant to clause 9.1.1 of the Mortgage Receivables Purchase Agreement the Issuer may only purchase any New Mortgage Receivables up to (but excluding) the Revolving Period End Date. Revolving Period End Date means the earlier of, inter alia, the third successive Notes Payment Date on which the Reserved Amount is higher than EUR 1,000,000 and the date on which a Portfolio Trigger Event has occurred. N124	STSS49	C	New underlying exposures failure generation explanation	Pursuant to clause 9.1.1 of the Mortgage Receivables Purchase Agreement the Issuer may only purchase any New Mortgage Receivables up to (but excluding) the Revolving Period End Date. Revolving Period End Date means the earlier of, inter alia, the third successive Notes Payment Date on which the Reserved Amount is higher than EUR 1,000,000. The Available Principal Funds, being, among other things, the funds generated from the repayment of the Mortgage Loans will, during the Revolving Period, be used towards payment of the purchase price for, among other things, New Mortgage Receivables, or, if there aren't any New Mortgage Receivables meeting the relevant criteria (including the Mortgage Loan Criteria, the Green Eligibility Criterion and the Additional Purchase Criteria) being available, to make a reservation for such purpose which will form part of the Reserved Amount. Where that Reserved Amount has on the third successive Notes Payment Date built up to more than EUR 1,000,000 those funds have not been used for the purchase of New Mortgage Receivables, indicating an inability to generate new exposures meeting the relevant criteria. Hence, the definition of Revolving Period End Date provides for triggers in relation to a failure to generate sufficient New Mortgage Receivables that meet the predetermined credit quality. Reference is made to the relevant definitions set forth in the Master Definitions Agreement and section 4.4(r) of the Prospectus.
